<p>Technical requirements:</p> <ol style="list-style-type: none"> <li>1. Original item: NTC resistor, rated resistance <math>R_{25} = 100K\Omega + 2\%</math>;</li> <li>2. B-value parameter: <math>B_{25/50} = 3950K + 1\%</math>;</li> <li>3. Insulating resistance: 500VDC, greater than 100MQ;</li> <li>4. Voltage tolerance: When 2,500 VAC is applied between the sensor and the casing, there should be no flashover or breakdown;</li> <li>5. Operating temperature range: <math>-40</math> to <math>+105^{\circ}C</math></li> <li>6. This component must meet the ROHS requirements.</li> </ol>							
						Yiwu Helloyee Imp And Exp Co., LTD	
						Product Name	Temperature sensor
						part number	JSW-MNP3950101000-100K
						Customer model	ME-NTC-100K
						A1
